Convincing

CAREER OBJECTIVE

I intend to be a part of an organization where I can constantly learn and develop my technical and management skills and make the best use of it for the growth of the organization. I look forward to establishing myself by adapting new technologies as well.

INTERNSHIPS

Data Analyst at KPMG (Virtual Internship)

This Internship by KPMG was a Virtual Internship on InsideSherpa. During this Internship, I had learned how to assess the data and create a Dashboard using the Tableau software.

PROJECTS

InExpensible

The website was made using Django Framework. It shows stats of the user's Expenses and Income using interactive charts.

Music Recommender using Python

This project works on the Decision Tree Classifier Algorithm. It predicts what genre of song the user might like.

Word Cloud

This project was part of a Python course in Coursera. It generates Word-Cloud based on the frequency of words in the file.

Automation using Python

It processes data in excel sheet and performs mathematical operations on thousands of cells in just a few seconds.

E-Banking Website

The website was a group project, which shows the basic working of an e-banking website.

World Time App

The app was made was made using Flutter. It shows the time of different places in the world.
